※冊子として出版がない場合

Eri, K. (2013). *A study on collaboration between nurses and nursing aides in Long-term hospital for medical and nursing* (Unpublished master's thesis). Seirei Christopher University, Shizuoka, Japan.

## My point of view to education and research

I would like to work on education to be able to express how pleasant nursing is through practices and seminars. As for my research, I'm interested in recurrent education for visiting nurses.
